@here **W.H.A.M.M.Y** of the **WEEK**

@DanceDanceRevolution is passing the honor of being WOW to another excellent Whammy. To quote, "If our motto 'We put Wonoloers first' was a person, that person still would not put Wonoloers first more than our Whammy of the Week, Diego Girotti @MicCheck. Not only does he ensure the quality of our product, but he's constantly looking for ways to improve the user experience. Plus, he's a pretty cool dude and always brings a fun energy with him."

Software Engineering Manager @ Eventbrite

12 de noviembre de 2021, Andrew supervisaba directamente a Diego

I was lucky to work along side Diego during his time at Eventbrite. Diego is a talented QA Engineer with a wide range of quality assurance strategies, tools, and skills. He is a great teacher and mentor and was always willing to share his knowledge with the team. Diego was always willing to step into the role of scrum master, project manager, mentor, or lead QA and handled each role expertly. I would love to work with Diego again in the future.

*\* Quiero dedicar este párrafo a marcar, que para mí, el mayor logro, es que hayas recuperado la confianza en vos mismo. Que hayas logrado entender que sos pieza clave. Que todos tus esfuerzos y constancia hayan sido reconocidos por los demás, pero sobre todo por vos! Todo esto no hubiera pasado si no hubiera sido porque vos decidiste que pasara!*

Hi @Diego Girotti

Just wanted to say thank you for all your hard work and excellent service on one of the most challenging projects. I heard today Karan's feedback about you, that you

are one of the best QAs he has ever worked with

He really appreciates your attention to detail and high efficiency.

And that means a lot for QA to get praises from a developer 😊
